WATER

You asked for it -- we got it!

Items to consider	Blue Can Water	All Plastic Bottled Water	Details
Shelf Life	50 Year	1 Year	If plastic bottles are exposed to heat and/or sunlight, product rapidly expedites the expiration process and can leach chemicals into the water.
Cost Savings Over Time	YES	NO	Blue Can doesn't expire every year, therefore on average Blue Can pays for itself over a 5-7 year period.
Reduces Storage Footprint by 50%	YES	NO	Blue Can pallets are stackable 2 high, therefore reducing floor space needed for storage.
Stays Fresh In Heat	YES	NO	Blue Can product can be stored in temperatures up to 150 F. Above 80 F, plastic begins to deteriorate.
Environmentally Sustainable	YES	NO	65% of aluminum is recycled and only 7% of plastic is recycled.
Pure Clean Taste	YES	NO	
Less Than 1 Part Per Million Impurities	YES	NO	FDA industry standard for bottled water is 500 parts per million.
95% Recycled Packaging	YES	NO	Blue Can packaging is made from 95% recycled aluminum.
BPA Free	YES	NO	
Without Plastic Taste	YES	NO	
Safe For Vehicle Storage	YES	NO	
Hermetically Sealed Container	YES	NO	Chemicals, Bacteria, Fungus and Mold won't leach through aluminum.
Highly Filtered 12-Step Process	YES	NO	Industry standard for plastic bottled water is only 4 steps.
Cost and Labor Savings	YES	NO	Blue Can purchase saves time spent reordering, filling out paperwork and obtaining yearly budget approval.

Add Blue Can Water to your emergency meal plan!
